## iPad Safari Settings for Edge2Learn

iPad Safari Settings for Edge2Learn Courses

1. Open the Settings app, and then in the list on the left, tap "Safari."

2. In the Privacy and Security section on the right, ensure that "Prevent Cross-Site Tracking" is turned off by swiping the slider to the left so it's grayed out.

3. In the same section, ensure that "Block All Cookies" is also turned off by swiping the slider to the left.
